

Book hotels on Google

In some cases, when you search for hotels on Google and select a hotel to book, you'll stay on Google to complete the booking process. You can complete the reservation quickly using contact and payment info stored in your Google Account.

1. [Search for hotels on Google](#).
2. If you select a hotel that can be booked on Google, follow these steps:
3. Check your dates and number of guests.
4. Select a room.
5. Provide guest details:
 - Contact information stored in your Google Account will automatically load if you're signed in.
 - If you're not signed in, click Sign in at the top of the page.
 - Or you can manually enter your contact info.
6. Click Continue.
7. If you're signed in to your Google Account, you can use Google Pay:
 - Select a stored payment method from the drop-down menu and click Continue. If you're not signed in, enter your card details and click Continue.
8. Review your booking details and click Reserve.

Google will securely pass your reservation and payment details to the hotel or online travel agency that processes the booking and charges your card. Once your booking has been processed, you'll receive a confirmation email from the booking partner. You'll also receive a summary email from Google.
