

Disclaimer

This presentation (the "Presentation") is being made in connection with a potential transaction (the "Business Combination") between Sonder Holdings Inc. ("Sonder") and Gores Metropoulos & Co. ("GMFC").

No Offer or Solicitation

This Presentation is for informational purposes only and is neither an offer to sell or purchase, nor a solicitation of an offer to sell, buy or subscribe for any securities in any jurisdiction, nor is it a solicitation of any vote relating to the potential Business Combination or otherwise in any jurisdiction.

No Representations and Warranties

This Presentation has been prepared to assist interested parties in making their own evaluation with respect to a potential investment in GMFC relating to the potential Business Combination and for no other purpose. Sonder and GMFC assume no obligation to update or keep current the information contained in this Presentation, to remove any outdated information or to expressly mark it as being outdated. No securities commission or securities regulatory authority or other regulatory body or authority in the United States or any other jurisdiction has in any way passed upon the merits of, or the accuracy and adequacy of, any of the information contained in this Presentation.

This Presentation does not purport to contain all of the information that may be required to evaluate an investment relating to the potential Business Combination, and any recipient should conduct its own independent analysis of Sonder and GMFC and the data contained or referred to in this Presentation.

You should not construe the contents of this Presentation as legal, accounting, business or tax advice and you should consult your own professional advisors as to the legal, accounting, business, tax, financial and other matters contained herein.

No representation or warranty, express or implied, is or will be given by Sonder or GMFC or any of their respective affiliates, directors, officers, employees or advisers or any other person as to the accuracy or completeness of the information in this Presentation (including as to the accuracy or reasonableness of statements, estimates, targets, projections, assumptions or judgments) or any other written, oral or other communications transmitted or otherwise made available to any party in the course of its evaluation of the potential Business Combination. Accordingly, none of Sonder, GMFC or any of their respective affiliates, directors, officers, employees, or advisers or any other person shall be liable for any direct, indirect, or consequential loss or damages suffered by any person as a result of relying on any statement in or omission from this Presentation and any such liability is expressly disclaimed.

Forward-Looking Statements

This Presentation contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements include, but are not limited to, statements about forecasted future financial and operating results, revenue growth, growth in total unit portfolio, plans, objectives, expectations and intentions with respect to future operations, products and services, planned openings, expected unit contractings, and other statements identified by words such as "will likely result," "are expected to," "will continue," "is anticipated," "estimated," "believe," "intend," "plan," "projection," "outlook" or words of similar meaning. These forward-looking statements include, but are not limited to, statements regarding Sonder's industry and market size, future opportunities for Sonder's business and its estimated future results and regarding the potential Business Combination, including implied enterprise value, the expected post-closing ownership structure and the likelihood and ability of the parties to successfully consummate the potential Business Combination.

Such forward-looking statements are based upon the current beliefs and expectations of the management of each of Sonder and GMFC and are inherently subject to significant business, economic and competitive uncertainties and contingencies, many of which are difficult to predict and generally beyond the control of the parties.

Actual results, performance or achievements may differ materially, and potentially adversely, from any projections and forward-looking statements and the assumptions on which those forward-looking statements are based. There can be no assurance that the data contained herein is reflective of future performance to any degree. You are cautioned not to place undue reliance on forward-looking statements as a predictor of future performance as projected financial information, cost savings and other information are based on estimates and assumptions. The forward-looking statements are subject to various risks, uncertainties and other factors, many of which are beyond our control, including those described in the Risk Factors Summary on p. 50. There may be additional risks that neither Sonder nor GMFC currently know or that Sonder and GMFC currently believe are immaterial that could also cause actual results of Sonder to differ from those contained in the forward-looking statements. Other unknown or unpredictable factors or factors currently considered immaterial also could have an adverse effect on Sonder's actual results. Consequently, there can be no assurance that the actual results or developments anticipated in this Presentation will be realized or, even if substantially realized, that they will have the expected consequences to, or effects on, Sonder.

All information set forth herein speaks only as of the date hereof in the case of information about Sonder and GMFC or the date of such information in the case of information from persons other than Sonder or GMFC, and Sonder and GMFC expressly disclaim any intention or obligation to update any forward-looking statements as a result of developments occurring after the date of this Presentation. Annualized, pro forma, projected and estimated numbers are used for illustrative purpose only, are not forecasts and may not reflect actual results.

Note: Francis Davidson, Sonder's Founder and CEO, plans to sell a small portion of his shares to a PIPE investor in a private transaction wholly separate from the transactions contemplated hereby, the proceeds of which will be used to repay a portion of an outstanding loan issued by Sonder for the purpose of early exercise of stock options.

Forecast and Illustrative Scenarios

This Presentation contains information with respect to Sonder's projected results. This forecast is based on currently available information and Sonder estimates. Neither Sonder nor its independent auditors audited, reviewed, compiled, or performed any procedures with respect to either information for the purpose of its inclusion in this Presentation, and accordingly, neither of them expressed an opinion or provided any other form of assurance with respect thereto for the purpose of this Presentation. Sonder does not undertake any commitment to update or revise any such information, whether as a result of new information, future events or otherwise. The assumptions and estimates underlying the above-referenced information are inherently uncertain and are subject to a wide variety of significant business, economic and competitive risks and uncertainties that could cause actual results to differ materially from those contained in such information. See "Forward-Looking Statements" above.

Industry and Market Data

The information contained herein also includes information provided by third parties. Any estimates or projections contained herein involve elements of subjective judgment and analysis that may or may not prove to be accurate. None of Sonder, GMFC, their respective affiliates or any third parties that provide information to Sonder, GMFC or their respective affiliates, such as market research firms, guarantee the accuracy, completeness, timeliness or availability of any information or are responsible for any errors or omissions (negligent or otherwise), regardless of the cause, or the results obtained from the use of such content. Sonder and GMFC may have supplemented the information where necessary with information from discussions with Sonder's customers and Sonder's own internal estimates, taking into account publicly available information about other industry participants and Sonder's management's best view as to information that is not publicly available.

None of Sonder, GMFC or their respective affiliates give any express or implied warranties, including, but not limited to, any warranties of merchantability or fitness for a particular purpose or use, and they expressly disclaim any responsibility or liability for direct, indirect, incidental, exemplary, compensatory, punitive, special or consequential damages, costs, expenses, legal fees or losses (including lost income or profits and opportunity costs) in connection with the use of the information herein. None of Sonder, GMFC, their respective affiliates or any of their respective directors, officers, employees, members, partners, stockholders, or agents makes any representation or warranty with respect to the accuracy of such information.

Non-GAAP Financial Measures

This Presentation includes certain non-GAAP financial measures that Sonder's management uses to evaluate Sonder's operations, measure its performance and make strategic decisions. The non-GAAP financial measures used in this Presentation are Adjusted Gross (Loss) Profit, Property Level Costs (PLC), Property Level (Loss) Profit (PLL or PLP) and Adjusted EBITDA.

Adjusted Gross (Loss) Profit is defined as GAAP gross profit (loss) impacted by the GAAP rent to Landlord Payment adjustment, expressed in U.S. dollars. GAAP gross profit (loss) is calculated as Revenue less cost of revenue (excluding depreciation and amortization).

PLC is defined as the variable costs directly associated with each of Sonder's bookings, expressed in U.S. dollars. These costs include (i) channel fees paid to Online Travel Agencies (OTAs), (ii) customer service costs, (iii) sundry/consumables costs, (iv) maintenance costs, and (v) utilities & insurance costs.

PLL or PLP is defined as GAAP gross profit or loss (i) impacted by the GAAP rent to Landlord Payment adjustment, and (ii) less Property Level Costs, expressed in U.S. dollars.

Disclaimer (continued)

Adjusted EBITDA is defined as GAAP profit or loss from operations (i) impacted by the GAAP rent to Landlord Payment adjustment and (ii) excluding the impact of depreciation, stock-based compensation, COVID-19 pandemic related offboardings/other costs associated with dropping units at the beginning of the COVID-19 pandemic, and cash payments from real estate owners received for capital expenditure financing, expressed in U.S. dollars.

Sonder and GM II believe that such non-GAAP financial measures provide useful information to investors and others in understanding and evaluating Sonder's operating results in the same manner as Sonder management. However, such financial measures are not calculated in accordance with GAAP and should not be considered as a substitute for revenue, net income, operating profit, or any other operating performance measure calculated in accordance with GAAP. Using any such financial measure to analyze Sonder's business would have material limitations because the calculations are based on the subjective determination of management regarding the nature and classification of events and circumstances that investors may find significant. In addition, although other companies in Sonder's industry may report measures titled EBITDA or similar measures, such financial measures may be calculated differently from how Sonder calculates such financial measures, which reduces their overall usefulness as comparative measures. Because of these limitations, you should consider these non-GAAP financial measures alongside other financial performance measures, including net income and other financial results, presented in accordance with GAAP.

Key Metrics

This Presentation includes certain non-GAAP financial measures and key metrics that Sonder's management uses to evaluate Sonder's operations, measure its performance and make strategic decisions. The key metrics used in this Presentation are Live Units, Bookable Nights, Average Daily Rate and RevPAR.

Live Units are defined as units which are available for guest bookings on Sonder.com, the Sonder app and other channels, Sonder pays rent (or unless pre-negotiated abatement) and is able to generate revenue from these units.

Bookable Nights represent the total number of nights available for stays across all Live Units excluding nights lost to full building closures greater than 30 nights, in line with industry standards. Sonder previously calculated Bookable Nights excluding unit closures, regardless of length of closure or number of units. Sonder's change in methodology in the calculation of Bookable Nights increased historical and forecasted Bookable Nights, decreased historical and forecasted RevPAR, and had no effect on the historical or forecasted financial information.

Average Daily Rate represents the average revenue earned per night occupied, and is calculated as Revenue divided by the total number of Occupied Nights across all Live Units.

RevPAR represents the average revenue earned per available night, and is calculated either by dividing revenue by Bookable Nights, or by multiplying Average Daily Rate by Occupancy Rate, expressed in U.S. dollars.

Trademarks and Trade Names

Sonder and GM II and their respective affiliates own or have rights to various trademarks, service marks and trade names that they use in connection with the operation of their respective businesses. This Presentation also contains trademarks, service marks and trade names of third parties, which are the property of their respective owners. "Sonder" and the Sonder logo are registered and unregistered trademarks of Sonder Canada Inc. in the United States and other jurisdictions. The use or display of third parties' trademarks, service marks, trade names or products in this Presentation is not intended to, and does not imply, a relationship with Sonder, GM II or any of their affiliates, or an endorsement or sponsorship by or of Sonder, GM II or such affiliates. Solely for convenience, the trademarks, service marks and trade names referred to in this Presentation may appear without the ®, TM or SM symbols, but such references are not intended to indicate, in any way, that Sonder, GM II, their affiliates or any third parties whose trademarks are referenced herein will not assert, to the fullest extent under applicable law, their rights or the right of the applicable licensor in these trademarks, service marks and trade names.

Additional Information and Where to Find It

GM II intends to file a registration statement on Form S-4 (the "Registration Statement") that includes a preliminary proxy statement, consent solicitation statement and prospectus with respect to GM II's securities to be issued in connection with the Business Combination that also constitutes a preliminary prospectus of GM II and will mail a definitive proxy statement/prospectus/consent solicitation statement and other relevant documents to its stockholders. The Registration Statement is not yet effective. The Registration Statement, including the proxy statement/prospectus/consent solicitation statement contained therein, when it is declared effective by the US Securities and Exchange Commission (the "SEC"), will contain important information about the proposed Business Combination and the other matters to be voted upon at a meeting of GM II's stockholders to be held to approve the proposed Business Combination and other matters (the "Special Meeting") and is not intended to provide the basis for any investment decision or any other decision in respect of such matters. GM II may also file other documents regarding the proposed Business Combination with the SEC. GM II stockholders and other interested persons are advised to read, when available, the Registration Statement and the proxy statement/prospectus/consent solicitation statement, as well as any amendments or supplements thereto, because they will contain important information about the proposed Business Combination. When available, the definitive proxy statement/prospectus/consent solicitation statement will be mailed to GM II stockholders as of a record date to be established for voting on the proposed Business Combination and the other matters to be voted upon at the Special Meeting.

When available, the definitive proxy statement/prospectus/consent solicitation statement will be mailed to GM II stockholders as of a record date to be established for voting on the proposed Business Combination and the other matters to be voted upon at the Special Meeting. GM II stockholders will be able to obtain copies of the definitive proxy statement/prospectus/consent solicitation statement and all other relevant documents filed or that will be filed with the SEC without charge, once available, at the SEC's website at www.sec.gov or by directing a request to Gores Menopoulos & Inc., 6200 Lookout Road, Boulder, CO 80501, attention: Jennifer Keon Chou, or by contacting Morrow Sodali LLC, GM II's proxy solicitor, for help, toll-free at (800) 662-5200 (banks and brokers can call collect at (303) 698-9400).

The information in this Presentation has not been reviewed by the SEC and certain information, such as the financial measures referenced above, may not comply in certain respects with SEC rules. The Registration Statement GM II will file in connection with the proposed Business Combination may differ from this Presentation in order to comply with SEC rules, and supersedes the information included in this Presentation.

Participants in Solicitation

GM II, Sonder and their respective directors and officers may be deemed participants in the solicitation of proxies of GM II stockholders in connection with the proposed Business Combination. GM II stockholders and other interested persons may obtain, without charge, more detailed information regarding the directors and officers of GM II in GM II's registration statement on Form S-1 (File No. 333-251963), which was declared effective by the SEC on January 19, 2021. Information regarding the persons who may, under SEC rules, be deemed participants in the solicitation of proxies to GM II stockholders in connection with the proposed Business Combination and other matters to be voted upon at the Special Meeting will be set forth in the Registration Statement for the proposed Business Combination when available. You may obtain free copies of these documents as described in the preceding section.

(1) Based on late stage pipeline deals in lease negotiation and LOI as of 12/31/2020. Payback period defined as the forecasted number of months it takes for a deal's cumulative cash flow to turn positive based on Sonder's internal underwriting process. (2) Property Level Profit (Loss) (PLP or PLL) is a non-GAAP financial measure that Sonder defines as GAAP gross profit (loss) (i) impacted by the GAAP rent to Landlord Payment adjustment, and (ii) less Property Level Costs, expressed in U.S. dollars. Property Level Costs (PLC) is a non-GAAP financial measure that Sonder defines as variable costs directly associated with each of Sonder's buildings, expressed in U.S. dollars. These costs include (i) channel fees paid to Online Travel Agencies (OTAs), (ii) customer service costs, (iii) laundry/consumables costs, (iv) maintenance costs, and (v) utilities & insurance costs. (3) Per STR, average for the three months ended 3/31/2021. "Traditional Hotels" Represents upper upscale class of hotels in cities where Sonder operates. The upper upscale chain segment designation is determined by STR (a globally recognized resource for market data on the worldwide hospitality industry) based on each hotel brand's Average Daily Rate for prior years. RevPAR (Revenue per Available Room) is a key metric that represents the average revenue earned per available night, and is calculated by dividing Revenue by Bookable Nights (the total number of nights available for stays across all Live Units; this excludes nights lost to full building closures greater than 30 nights).

Our powerful supply growth engine is expected to drive rapid live unit growth

Ending Live Units & Contracted Units

Forecast assumes conservative unit contracting cadence

875 Forecasted average units contracted per month 2021E - 2022E

1,159 Achieved average units contracted per month in Q4 2019

~90% of 2025E Live Units are expected to be contracted Post-COVID

Note: Live Units are defined as units which are available for guest bookings on Sonder.com, the Sonder app and other channels. Sonder pays rent (or utilizes prenegotiated abatement) and is able to generate revenue from these units. Contracted Units are defined as Units which have signed real estate contracts, but are not yet available for guests to book. Sonder is not yet able to generate revenue from these units. Live Units plus Contracted Units may not add up precisely to Total Portfolio figures due to rounding.
 (1) -4K units dropped from Total Portfolio (Live and Contracted) in 2020, ~30% of January 2020 Total Portfolio.

We're conservatively forecasting RevPAR growth despite our conviction around pent-up demand and our ability to achieve planned revenue initiatives

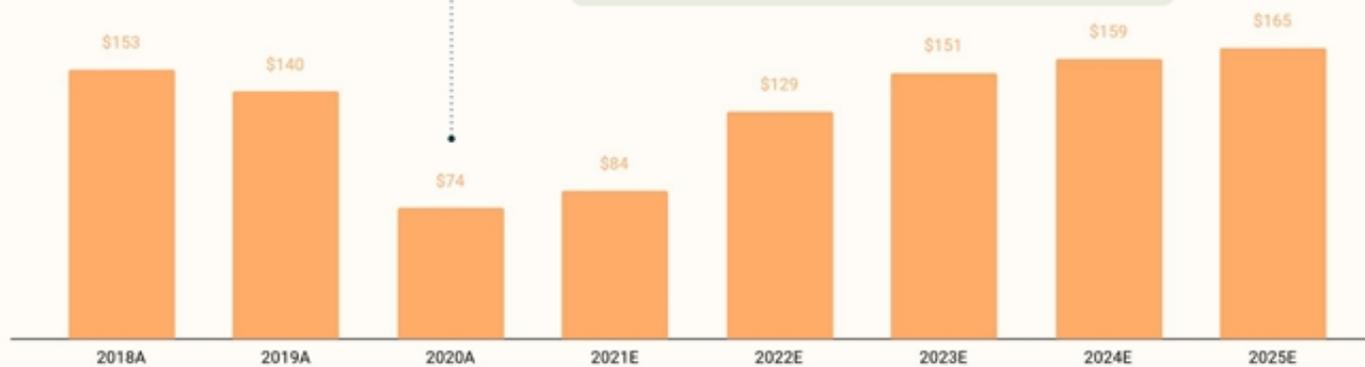

RevPAR

CBRE forecasts +28% 2020A-2025E RevPAR CAGR for traditional hotels¹,

while Sonder conservatively assumes +17% for the same period

RevPAR growth² split between ~80% market recovery and ~20% initiatives, including:

- Improved revenue management
- Loyalty and CRM
- Ancillary revenue opportunities
- Additional distribution channels

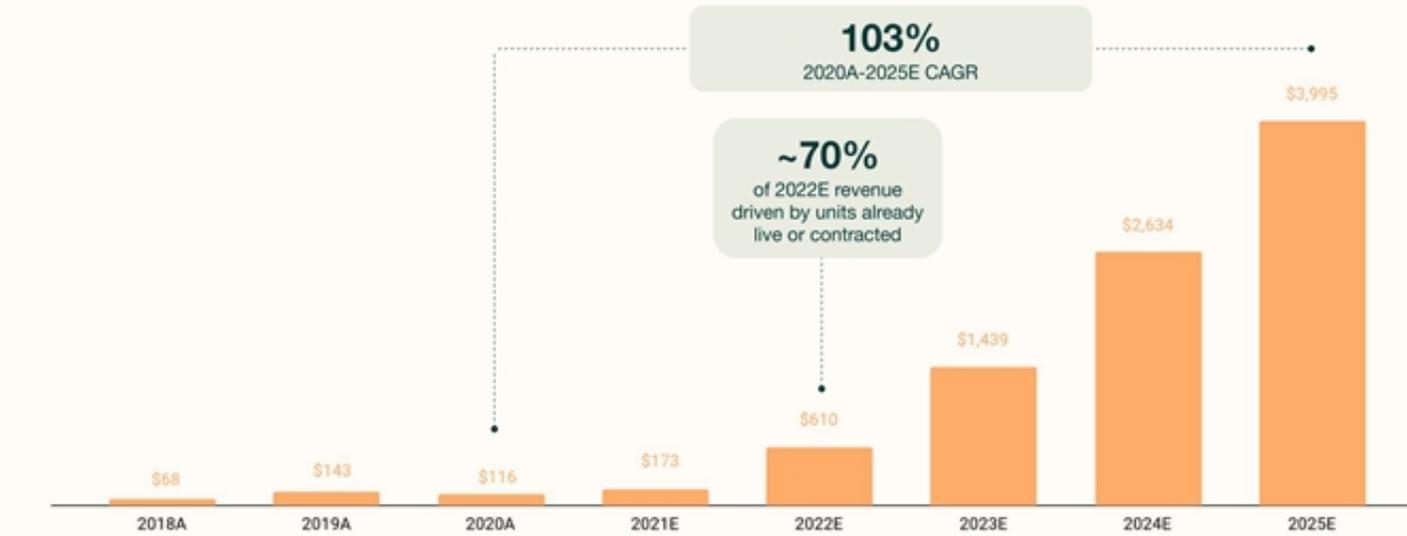

Note: RevPAR (Revenue per Available Room) is a key metric that represents the average revenue earned per available night, and is calculated by dividing Revenue by Bookable Nights (the total number of nights available for stays across all Live Units; this excludes nights lost to full building closures greater than 30 nights).

(1) Per CBRE upper upscale US RevPAR forecast. (2) Sonder RevPAR growth driven by recovery from COVID-19 pandemic impact, inflationary growth and key initiatives such as demand driver optimization, revenue management improvements, increased channels, ancillary revenue opportunities, streamlined service delivery and improved inventory management.

We're confident in our strong revenue growth outlook driven by a combination of rapid supply aggregation, modest market recovery and RevPAR initiatives

GAAP Revenue (\$M)

2021E GAAP Revenue (\$M)

2022E GAAP Revenue (\$M)

Note: Live Units cohort represents units available for guest bookings on Sonder.com, the Sonder app and other channels in or by March 2021. Contracted Units cohort represents all units which have signed real estate contracts, but are not yet available for guests to book on or by March 2021. New Units cohort represents all forecasted unit signings after March 2021. (1) Calculated as (Live Units + Contracted Units) / (Revenue - RevPar Initiatives).

Financial Overview

We see a clear path to +30% Property Level Profit Margin via market recovery, improved post-COVID deal terms, scale economies and technology investments

Total Portfolio - Property Level Profit (Loss) Margin (%)

Note: Property Level Profit (Loss) (PLP or PLL) is a non-GAAP financial measure that Sonder defines as GAAP gross profit (loss) (i) impacted by the GAAP rent to Landlord Payment adjustment, and (ii) less Property Level Costs, expressed in U.S. dollars. Property Level Costs (PLC) is a non-GAAP financial measure that Sonder defines as variable costs directly associated with each of Sonder's buildings, expressed in U.S. dollars. These costs include (i) channel fees paid to Online Travel Agencies (OTAs), (ii) customer service costs, (iii) laundry/consumables costs, (iv) maintenance costs, and (v) utilities & insurance costs. Pre-COVID stabilized PLP based on December 2019 Unit Economics.

Risk Factors Summary

- Sonder's actual results may differ materially from its forecasts and projections.
- Sonder's results could be negatively affected by changes in travel, hospitality, real estate and vacation markets.
- Sonder may be unable to negotiate satisfactory leases or other arrangements to operate new properties, or onboard them in a timely manner, or renew or replace existing properties on satisfactory terms or at all.
- Delays in real estate development and construction projects related to Sonder's leases could adversely affect Sonder's ability to generate revenue from such leased buildings.
- Newly leased properties may generate revenue later than Sonder estimated, and may be more difficult or expensive to integrate into Sonder's operations than expected.
- Sonder's limited operating history and evolving business make it difficult to evaluate its future prospects and challenges.
- Sonder may be unable to effectively manage its growth.
- The COVID-19 pandemic and efforts to reduce its spread have had, and will likely continue to have, a negative impact on Sonder.
- Sonder has a history of net losses and may not be able to achieve or maintain future profitability.
- Costs relating to the opening, operation and maintenance of its leased properties could be higher than expected.
- Sonder depends on landlords to manage and maintain its properties.
- Sonder's long-term and fixed-cost leases limit its flexibility.
- Under certain circumstances, Sonder's leases are subject to early termination, which can be disruptive and costly.
- Sonder may be unable to attract new guests or generate repeat bookings.
- Sonder may be unable to introduce upgraded amenities, services or features for its guests cost-efficiently.
- Sonder operates in the highly competitive hospitality market.
- Sonder uses third-party distribution channels to list its units, and these channels have historically accounted for a substantial percentage of Sonder's bookings.
- Sonder's long-term success depends, in part, on Sonder's ability to expand internationally, and Sonder's business is susceptible to risks associated with international operations.
- Sonder's business depends on its reputation and the strength of its brand.
- Claims, lawsuits, and other proceedings could adversely affect Sonder's business.
- Sonder may be subject to liability or reputational damage for the activities of its guests or other incidents at Sonder's properties.
- Sonder is subject to claims and liabilities associated with potential health and safety issues and hazardous substances at properties.
- Sonder must attract and retain sufficient, highly skilled personnel and is subject to risks associated with the employment of hospitality personnel, including unionized labor.
- Sonder has identified material weaknesses in its internal control over financial reporting and may identify material weaknesses in the future or otherwise fail to maintain an effective system of internal controls, which may result in material misstatements of its consolidated financial statements.
- Sonder relies on third parties for important services and technologies, and their availability and performance are uncertain.
- Sonder's processing, storage, use and disclosure of personal data exposes it to risks of internal or external security breaches and could give rise to liabilities and/or damage to reputation.
- Failure to comply with privacy, data protection, consumer protection, marketing and advertising laws could adversely affect Sonder.
- Sonder faces risks related to Sonder's intellectual property.
- Sonder's business is highly regulated across multiple jurisdictions, including evolving and sometimes uncertain short-term rental and tax laws, which may limit Sonder's growth.
- Sonder's indebtedness and credit facilities contain financial covenants and other restrictions that may limit its operational flexibility or otherwise adversely affect its results of operations.
- Holders of Exchangeable Shares may have to pay income taxes as a result of their exchange for the Post-Combination Company's Common Stock.
- The price of the Post-Combination Company's common stock may fluctuate.
- Future resales of common stock after the consummation of the Business Combination may cause the market price of Post-Combination Company's securities to drop significantly, even if the Post-Combination Company's business is doing well.
